& TEACHING

QUICK GUIDE FOR TEACHING SESSIONS

BEFORE THE SESSION

Check if you have an instructor account. If you aren't sure, contact Audio Visual (AV).

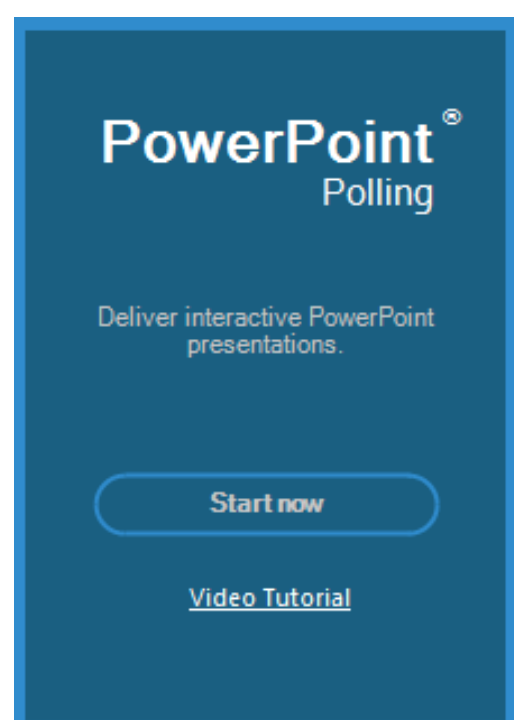

DESIGN YOUR POLL

Sign into TurningPoint via the software centre using your University of Bath username/password.

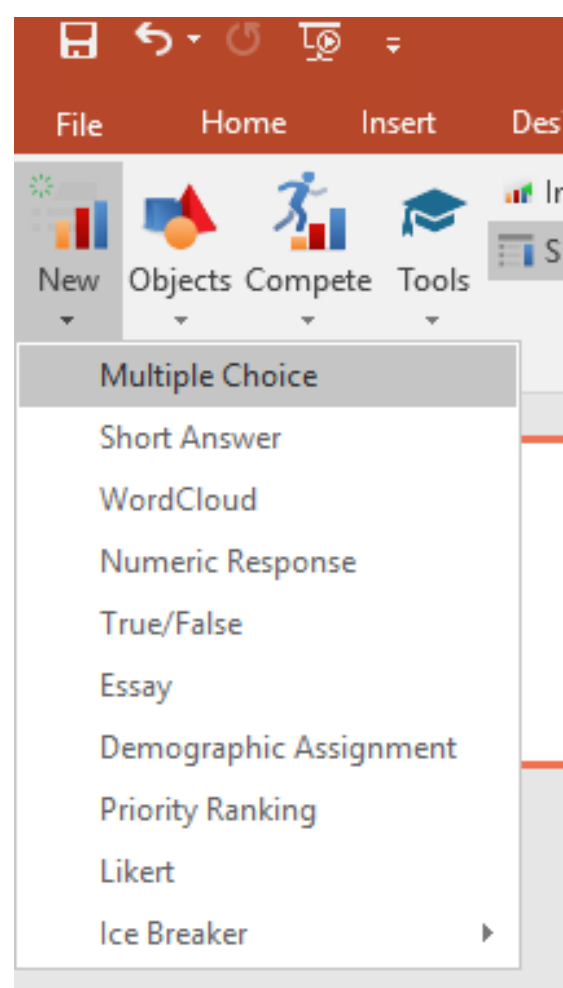

TurningPoint (UniApps)
Desktop app

Click 'Start Now' within PowerPoint Polling.

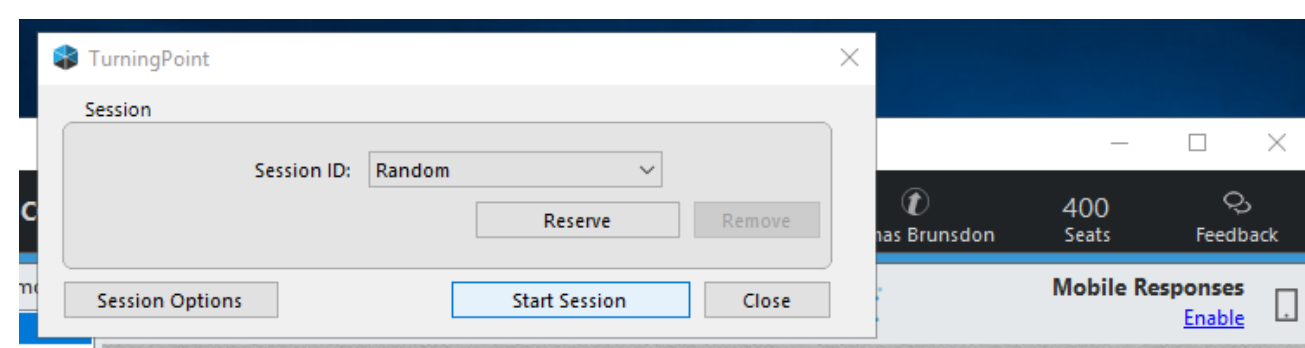

Either open an existing PowerPoint and insert questions, or create a new one.

Save your PowerPoint document when you have finished editing.

IN THE SESSION

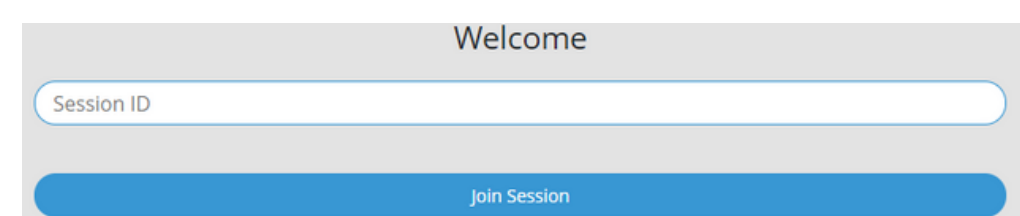

Sign into TurningPoint as before and enable mobile responses. Click 'Start Session.'

Note your Session ID and display it to students.

Session ID: 941173

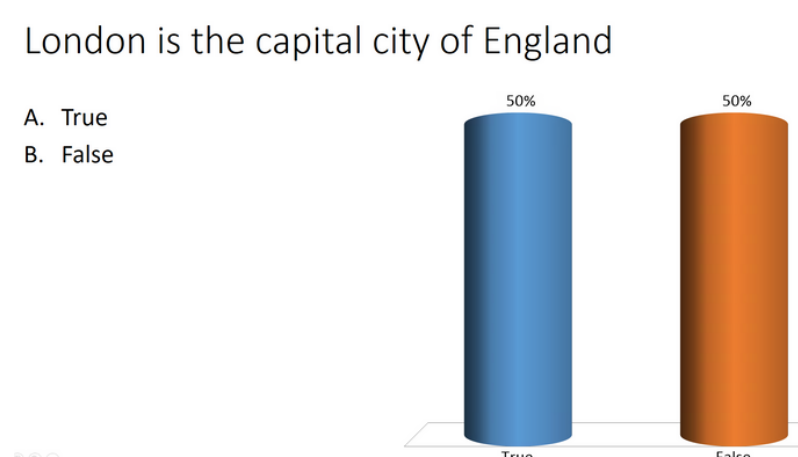

Ask students to log in using the Session ID via the TurningPoint app or in their browser at go.bath.ac.uk/tpv

Click 'Start Now' within PowerPoint Polling, open your previously saved presentation. Reset the session and present as normal. The TurningPoint toolbar will appear each time you visit a question slide.

Students will be able to answer and responses will be displayed on the screen.

If 400 seats is displayed on the TurningPoint dashboard then your instructor account has already been set up.

It is also possible to reserve your session ID prior to the session. For features such as anonymous polling, explore session options when you create a Session ID.

Explore 'Objects' in the TurningPoint tab for options such as countdown timers and correct answer indicators.
